Prime Minister

25 April 2016

Dear Prime Minister,

You have spoken many times about your commitment to the NHS. In our view, as leaders of the medical profession, the ongoing impasse in the dispute between Government and junior doctors poses a significant threat to our whole healthcare system by demoralising a group of staff on whom the future of the NHS depends. At this eleventh hour, we call upon you to intervene, bring both parties back to the negotiating table, end this damaging stand-off, and initiate an honest debate about the serious difficulties facing UK health services.

Yours sincerely,

Neena Modi
