We offer:

- evidence-based clinical guidance and standards
- a range of qualifications and training in sexual and reproductive healthcare (SRH)
- membership benefits, including our BMJ SRH Journal; webinars and events
- a CSRH specialty programme which trains future consultants in SRH.

We provide an important voice for SRH professionals. We influence policy and public opinion working with national and local governments, MPs, commissioners, policymakers, the media, patient groups and other decision-makers. You can find out more at www.fsrh.org.

Our governance structure

Committees and our governance play a vital role in achieving our strategic goals, ensuring that our work remains at the heart of SRH and truly represents the voice of our members. We have over 250 clinicians who support our work, participating in a number of committees and working groups.
About the International Committee

The International Committee (IC) is a committee of the Faculty of Sexual and Reproductive Healthcare (FSRH). The IC was set up by the Council of the Faculty in 2008 to promote the work of the Faculty internationally. It works specifically to develop online FSRH products, such as courses or training materials, for an international audience.

The role

We’re recruiting a CSRH Trainee Member to help us to promote our international work, and develop our understanding of reproductive healthcare in an international context.

The role is unpaid but is an excellent opportunity to influence and support the international work of FSRH, working closely with leading experts and networking with your peers. You will work with others in the committee and commit to actions that support the development and delivery of a shared work plan.
