

DUMMY RECORDS for the NHS e-portfolio system

To access a dummy trainer and trainee e-portfolio for practice purposes, go to the **NHS e-portfolio training site** at: <http://training.nhseportfolios.org>

LOGIN

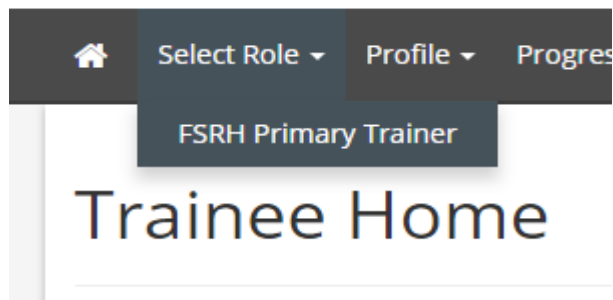

Username: dummy8344

Password: Just4Training

Please note that the password is case sensitive.

This will allow you to see what a trainee sees and to create and complete documentation on the training site.

You can switch between the Primary Trainer and Trainee role by using the 'Select Role' menu, below.

Note to FSRH Registered Trainers who already have an e-portfolio trainer record: *as both this training site and the live site look identical please ensure you are not in the real site when practising entries.*
