**About the FSRH International Committee**

The International Committee has recently (October 2020) produced its new strategy, which sets out our ambition to strategically influence and educate at the international level.

While we are a UK-based organisation, we recognise that there is an unmet need and a potentially large audience of healthcare professionals internationally who could benefit from our educational offer, and no equivalent organisation providing the same offer in any other country. The recent COVID-19 pandemic has presented both challenges and opportunities in the way we work, with an increase in remote training opportunities and a chance to interact more easily via webinars with global organisations.

The International Committee reports into FSRH’s Council.

**Overview**

Being part of the International Committee, you will help us deliver on our strategy which focuses on:

- Knowledge exchange through sharing learning
- System-change through advocacy
- Ensuring sustainability of our international work

It will help you broaden your knowledge of SRH and widen your network of contacts. You will be able to see the direct impact of your work through the development and delivery our international work. It is can also be a good personal CPD opportunity.
