<th>Title</th>
<th>Volunteer Role: <strong>SRH Specialist Nurse Lead</strong> (professional competency framework for nurses working in integrated sexual health services)</th>
</tr>
</thead>
</table>
| Reporting to | Dr Jane Dickson, FSRH Officer for Workforce and Dr Jo Lawton, E&T Director  
This project is accountable to the FSRH Education Strategy Board |
| About FSRH | The Faculty of Sexual and Reproductive Healthcare (FSRH) is a membership body of over 15,000 doctors and nurses that sets training and clinical standards in sexual and reproductive healthcare across the UK. It is a faculty of the Royal College of Obstetricians and Gynaecologists and a charity and company limited by guarantee in its own right.  
Want to know more about FSRH? [http://www.fsrh.org](http://www.fsrh.org) |
| Role overview | The FSRH are calling for a senior SRH Specialist Nurse to help lead an exciting new project defining the competences required for nurses working in integrated sexual health services.  
The FSRH and the BASHH will work together on the development and endorsement of a professional competency framework for nurses working in integrated sexual health services. It is felt the framework will add-value to the provision of services and patient care by supporting:  
- the workforce and services  
- excellence and fairness  
- patient safety  
- maintaining standards  
A small team of professionals including Dr Jane Dickson (FSRH) and Dr Matthew Grundy Bowers (BASHH) will:  
- develop a competency framework for nurses working in specialist integrated sexual health services  
- aim for the framework to be supported by the FSRH, BASHH, RCN and HEE  
- develop communications and sustainability plans to support the implementation of the framework  
The framework is not intended to be a complete curriculum. It will not include learning, teaching or assessment strategies. |
| Terms of role | The project will be initiated in November 2017 and is expected to be completed within 2 to 3 months. |
This will include attending meetings (expect 3 to 4 face-to-face meetings + virtual meetings/communications) alongside additional outputs/activities in between meetings. It is anticipated much of the work will be achieved virtually.

| Role and responsibilities | To lead the development of the framework and related products  
|                          | To follow and input to quality management processes  
|                          | To contribute to project team meetings and activities in between  
|                          | To communicate effectively with the project team and other stakeholders  
|                          | To respond to feedback from users and other stakeholders |

| Eligibility – criteria | Senior SRH specialist nurse  
|                       | Experienced in delivering medical education |

**ESSENTIALS**

- Senior SRH Specialist nurse  
- Familiarity with FSRH qualifications  
- Interest and experience in medical education

**DESIRABLE**

- Holds a FSRH qualification such as NDFSRH, Letter of Competence in Subdermal Contraceptive Implants and Letter of Competence in Intrauterine Techniques.  
- Experience in delivering educational projects

The role is given admin support by the Education and Training team. The post holder will work with the Director of Education, in addition to the project team.

Travel and subsistence expenses incurred on official duties is reimbursed according to the FSRH policies. There is no reimbursement for this role.
| Process/next steps | Please send a cover letter explaining why you are interested in the role and why you feel you are suitable, and a brief CV [educationassistant@fsrh.org](mailto:educationassistant@fsrh.org). The application will close 9am, 23rd October 2017. Any questions should be directed to the Director of Education & Training [educationdirector@fsrh.org](mailto:educationdirector@fsrh.org), 0203 751 8075 |
